2. HAZARD IDENTIFICATION

Hazard	Not classified as hazardous
Classification	NON-HAZARDOUS SUBSTANCE NON-DANGEROUS GOODS
Risk Phase(s)	Not classified as hazardous
Environmental Hazards	Non-hazardous

3. COMPOSITION/INFORMATION ON INGREDIENTS

<u>Composition</u>	<u>CAS No.</u>	<u>Proportion (% w/v)</u>
Sorbitol	50-70-4	40 to 45
Purified Water	7732-18-5	25 to 30
Xylitol	87-99-0	5 to 15
Flavour& others	Not Applicable	< 15.0
Fluorescein Sodium	518-47-8	0.25
Sodium Fluoride	7681-49-4	0.22

MATERIAL SAFETY DATA SHEET

4. FIRST AID MEASURES

Description of necessary measures according to routes of exposure.

Health Effects

Acute

- Swallowed : Ingestion may cause irritation to the digestive system.
- Eye : Direct contact with the product may cause severe irritation.
- Skin : No irritation expected on contact with skin.
- Inhaled : No risk.
- Chronic :** There are no other known long term health effects expected.

First Aid

- Swallowed : Give water to drink to dilute stomach contents and seek medical attention.
- Eye : Flush with flowing water for at least 15 minutes and if symptoms persist, seek medical advice.
- Skin : Rinse skin with flowing water. Remove any contaminated clothing, wash or rinse thoroughly any contaminated area. Staining will be avoided if rinsed/washed immediately.
- Inhaled : If inhaled, seek medical attention.
- First Aid Facilities : Ensure eye wash facilities are available in the working area.
- Advise to Doctor :** Treat symptomatically.

5. FIRE FIGHTING MEASURES

Extinguishing Media

There is no restriction on the type of extinguisher which may be used.

Fire/Explosion Hazard

Non combustible.
Not considered to be a significant fire risk.

MATERIAL SAFETY DATA SHEET

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: Use PlaqPro Toothpaste and Toothbrush Kit as detailed by instructions on pack.

Environmental precautions: None hazardous.

Methods and materials for containment and cleaning up: Clean up spills immediately. Wear suitable protective clothing. Remove spills using plenty of water and a soft sponge or towel. Remove immediately to avoid staining or damaging surfaces. Material can be disposed of with general waste or via the normal sewer systems.

7. HANDLING AND STORAGE

Handling: Ensure cap for Toothpaste tube is replaced and tightly closed immediately after use.

Storage: Stored in a cool place at temperatures below 30°C.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Product is considered safe if used as intended.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Green paste (Mint flavour) / Orange paste (Tropical flavour)

Odour.....: Mint flavor /Tropical flavour

Boiling Point (°C): Not available

Melting point (°C): Not available

Vapour Pressure: Not available

Specific Gravity: ~ 1.42 g/mL

Flammability Limits (%) ...: Not flammable

pH of Paste: Not available

Solubility in Water (g/L) ...: Complete

Other Properties: None

MATERIAL SAFETY DATA SHEET

10. STABILITY AND REACTIVITY

Stability: Stable under normal conditions

Hazardous decomposition products: No data available.

Hazardous reactivity (polymerization): Does not occur.

11. TOXICOLOGICAL INFORMATION

Ingestion : Ingestion without dilution may cause irritation to the digestive system.

Eye : Possible irritant effect.

Skin : No known absorption or irritant effect on short-term contact.

Inhaled : No data.

Chronic : No further data

12. ECOLOGICAL INFORMATION

Ecological Information It is unknown as to the long term effects on the aquatic environment.

13. DISPOSAL CONSIDERATIONS

Disposal Dispose of in accordance with all local, state and federal regulations. All empty packaging should be disposed of in accordance with Local, State, and Federal Regulations or recycled/reconditioned at an approved facility.

14. TRANSPORT INFORMATION

U.N. Number : Not applicable Dangerous Goods Class : Not applicable

Hazchem Code : Not applicable Subsidiary Risk : Not applicable

CAS Number : See ingredients Pack. Group. : Not applicable

MATERIAL SAFETY DATA SHEET

This product is not considered to be a dangerous good within the meaning of transportation regulations.

15. REGULATORY INFORMATION

Poisons Schedule: Not applicable

16. OTHER INFORMATION

Product is considered safe if used as intended. PlaqSpotta Disclosing Kit contains a safe colour used widely in the pharmaceutical and medical fields which may stain if left to dry. PlaqSpotta solution can be removed from surfaces if rinsed or wiped with sufficient quantities of water. Any stains on clothing can be washed out in a normal wash cycle. If marks occur, these should reduce with time.

Product is intended for Healthcare Use only.
